"Coordinator's Message"

Hello again coaster collectors:

I'm finally able to catch up on my mail to the point that the only thing left to do is the Sept-October newsletter! That's not entirely true actually... I also have a Nov-December issue that's due.

Hmmmm... I really have a couple of nights work cut out for me. I hope that you will understand that my move to Pennsylvania, marriage to DiAnn in August and the purchase and move to our new house have caused great havoc to my collecting interests and newsletter writing.

Anyway, I hope that many of you were able to get to one of the large conventions around the country this summer. I have been away in the Great Northwest on a coaster hunt this past August. Did find a few coasters although it was a tough challenge most of the time. Conventions, vacations and trading by mail have always been the best way to acquire new coasters and beer items for my collection. I can't remember a vacation that I have been on where I didn't make sure that it passed by several breweries, beer shows, flea markets and the like. I've even had some generous friends invite me to stop by their homes as I passed through their area. What a great bunch of people to know!

Speaking of great people, this newsletter has a special center section. Yes, it is the beginning of our 1987 Membership Directory. Now you can all look up "who" collects "what" and can begin corresponding with each other. When this newsletter started back in August 1981, the membership directory was listed every month as new members joined up. Now, 5 years later, we are a strong club of dedicated collectors who can enjoy having access to a "master list" of all other members with whom they could correspond/trade/buy/sell coasters. Enjoy! And look for part 2 in the November/December issue of "Beer Coasters Monthly."

Good Collecting!!!

Tom Byrne

U R G E N T U R G E N T U R G E N T

I would like all of you members to consider taking on the challenge of running this newsletter.... I am interested in passing this newsletter and the responsibilities, opportunities and growth potential of our club to a new leader. As you read this issue and the next, please consider calling or writing to me and offering to take over this publication. Yes, it takes a lot of time and access to lots of coasters. Neither of which I have. As I have been running this organization and producing the newsletter single handedly for over 5 years, I feel that it is time for new, more up-to-date leadership to step forward and take over. I will be glad to help in any way I can. Please call or write at once and we should be able to get started real soon with a new man/woman at the helm! My phone number is 215-968-2062.

Binzel Coasters Surface:

In an effort to provide the NABCC membership with information about possible large finds of what was a very rare coaster, I am including the following letter. I don't know how many coasters were found or how many are still available. If you are interested in obtaining one of these, please write to the address shown below.

"I have recently come across some Binzel coasters that have been considered very rare by most coaster collectors. This is a 4-1/4" round, colorful coaster in mint condition. The outside circle and extra beer line are gold. The BBCo logo and the word Binzel are in deep orange. The remaining print is in green. I have been told that these have sold in the \$30-\$50 range in the past. I will sell mine for \$15.00 each. Paul Schmidt, N60W22612 Silver Spring Drive, Sussex, WI 53089."

See photo below.

New York State Specialist Comes Up With Ruppert Variations:

New York State coaster collector Warren Johnsen has been after those 4" coaster varieties from New York breweries for many years. To help us all to understand the many variations of the fairly common Jacob Ruppert Brewery coasters, he has sent in the accompanying 5 photos. Look closely at these photos and try to remember the subtle differences in them when you are at a trade meet. These coasters turn up quite often and all 5 variations are available in the \$2.00 to \$4.00 range.

* * * * *
Stanton Coasters Anybody? Is that coaster a variety or did I just trade away a coaster that I need for my collection!?!?

Chuck King has an eye for coaster variations. In all of the years that I have corresponded with Chuck, he has come up with some unbelievable coasters -- which many of us may never have known existed unless they were pointed out to us.

Coaster # 1 is the oldest - made in Austria with pastel colors red and blue. Note that there is no wording under the word "Brewery."

Coaster # 2 is the most common - shown in the B.C.G. as coaster # 1031. This is dark blue and red and has a beer barrel with "Est. 1817" written on it's side.

Coaster # 3 is the latest find by Chuck King.... it has "Since 1817" written out and the barrel is deleted.

This coaster is also red and dark blue and should be on your "Variations" list wherever you go scouting for those old coasters!

NEW ENGLAND COASTER GUIDE IS PUBLISHED! George Barone of Cheshire, Connecticut has amassed an excellent collection of coasters from New England breweries which he is beginning to document and catalog. His first publication, "Coasters of New England, Vol. 1 - Connecticut" has 13 pages containing photos of 46 different Connecticut coasters.

George has carefully assigned each coaster a number and has left his identification system "open-ended" so that new finds may be added. He plans to update this loose-leaf format book with photos of new finds in order to keep the guide as complete as possible.

The book comes in a 8-1/2" x 11" notebook which can easily be updated by removing an old page and replacing it with the new updated page.... much like a typical stamp album with it's annual supplement.

After going through my collection of photos of coasters, I found an Aetna and a rare Wehle variety which were not shown in George's booklet.... I'm sure that he'll be including these two and any that YOU send in to him in his update.

George's actions are to be applauded as many of us have thought about doing a book which would show all known coasters from a particular state. I hope that George will continue with Volume 2 - Massachusetts. Obviously, this state is a much bigger undertaking and will be a much thicker volume. Please see George's ad in the back of this issue. The book is well worth the \$2.50 cover price and is the first volume of what looks like an excellent reference work.

WHOOOPS!! Nobody's Perfect!
Chuck King submitted the great photo of an Amsterdam Ale coaster which was printed several issues ago. It shows a wind mill and a young Dutch boy with wooden shoes. Well, I misquoted Chuck when I said that the coaster was from New York City. It's really from Amsterdam, New York.

In case you missed the photo, here it is again.

Bavarian Pitcher Coaster Variation Reported:

John Horn, an advanced collector of Ohio, Indiana and Kentucky coasters has written to tell me of a new variation of the Bavarian Brewing Co pitcher coaster that was shown in this newsletter several issues ago. This coaster was known to exist in green. John tells me that he has found one that is the same printing but black instead of green.

Bavarian Brewing Company is from Covington, Kentucky and all oth their coasters are considered extremely tough!

Dealer/collector Frank Donchevich #3 of Caldwell, NJ wrote to me to say that he has the green variety of this large, pitcher coaster on his coaster list for \$40. Frank says it's a rather good seller at that price!

Old Style Variations Found At Last!

Sometimes you are aware of a coaster variation, but it eludes your every effort to come up with an example of both variations! Such is the case with the Old Style coasters shown here. Member #24, Ken Kositzke from Wisconsin has been searching for this and other Wisconsin variations

Crowncap Collectors Society International Update

A few months ago, I got invited to join an interesting group. I received the membership application to **Crowncap Collectors Society International**. It is primarily a west coast group of collectors who are trying to form chapters throughout the world to help in the exchange of information and crown caps. Taking off with the core group of collectors from a now defunct organization of crown cap collectors, C.C.S.I. hopes to bring crown cap collecting to national if not worldwide attention.

C.C.S.I. plans a bimonthly newsletter with an annual color supplement that will illustrate new or rare caps that have been turned up by the membership that year.

Membership is only \$10.00 per primary member and \$2.00 per other person in the same household (secondary member). This will cover the mailing of 6 issues of their newsletter "**Crowncappers Exchange**" and a membership card.

If anyone would like to receive a copy of the application form, please write to Scott Adams, Membership Secretary, Western Chapter C.C.S.I., 4040 Hoen Avenue #11, Santa Rosa, CA 95405. Or call 707-526-4040.

Tough Old Cincinnati Variation Finds John Horn!

Ohio collector John Horn has come up with a variation of BCG # 884, Red Top Beer with a picture of a top on the coaster. This new variation has a dark red background as well as a dark red top. All type prints white - reversed out of the red background.
